Dear Mr. Faulk and members of the transportation committee,

This letter of support for the services of Denver Air Connection, Key Lime Company, to provide air transport to the public in Alamosa, Colorado is written without any hesitation at all. This company has our full support to provide Essential Air Services to the Alamosa community.

San Luis Valley Health is the largest employer in the region. We use the airline services for recruitment efforts, as well as when providers and nurses need to temporarily fill crucial staffing shortages. With Denver as the hub, four hours by vehicle one-way, reliable air service to Alamosa is not just a convenience, it is a necessity.

Denver Air Connection will meet the needs of this community and SLV Health.

Thank you for considering Denver Air Connection for Alamosa's EAS provider.

Sincerely,

**Donna Wehe**
